

DSC 2020 EUROPE VR
Driving Simulation & Virtual Reality Conference & Exhibition

Antibes, 9-11 sept 2020

CALL FOR PAPERS

DSC 2020 EUROPE VR

DRIVING SIMULATION & VIRTUAL REALITY CONFERENCE & EXHIBITION

The DSC Conference gathers driving simulation specialists from the industrial and academic communities as well as commercial simulation providers. This 19th edition follows that of 2019, held in Strasbourg, with close to 350 participants and more than 40 exhibitors. Participants came from all around the world from about more than 20 different countries of Europe, America and Asia.

This year's edition will be held again in Antibes (France) with an enlarged professional exhibition. Topics will include state of the art in

driving simulation technology, research and developments, virtual reality with a large place for simulation of autonomous and connected vehicles along with advanced driving assistance system (ADAS) applications. Human factors and motion rendering will remain the now traditional axis of the conference.

Please note that there is a **separate call for Product Solution papers**, introduced last year in our conference, which had a great success in 2019 and is a recognized part of our conference.

The deadline for abstract submission is set to December 31st, 2019. You are welcome to the DSC 2020 Europe Conference organized by the Driving Simulation Association, Arts et Métiers ParisTech, IFSTTAR and Renault, held in Antibes (France), on September 9th-11th in South of France!
