

DSC 2020 EUROPE VR
Driving Simulation & Virtual Reality Conference & Exhibition

Antibes, 9-11 sept 2020

CALL FOR PRODUCT SOLUTIONS

DSC 2020 EUROPE VR

DRIVING SIMULATION & VIRTUAL REALITY CONFERENCE & EXHIBITION

Introduced last year in our conference, the Industrial Session for Production Solutions Papers had a great success in 2019 and is a recognized part of our conference.

The DSC Conference gathers driving simulation specialists from the industrial and academic communities as well as commercial simulation providers. This 19th edition follows that of 2019, held in Strasbourg, with close to 350 participants and more than 40 exhibitors. Participants came from all around the world from about more than 20 different countries of Europe, America and Asia.

This year's edition will be held in Antibes (France), with an enlarged professional exhibition. Topics will include state of the art in driving

simulation technology, research and developments, virtual reality with a large place for simulation of autonomous and connected vehicles along with advanced driving assistance system (ADAS) application. Human factors and motion rendering nevertheless will remain the now traditional axis of the conference.

You are welcome to the DSC 2019 Europe Conference organized by the Driving Simulation Association, Arts et Métiers, IFSTTAR and Renault, held in Antibes (France), on September 9th-11th, 2020!

IMPORTANT DATES

Call for Papers	1 Nov. 2019
Full Length paper submission	15 April 2020
Registration open	15 May 2020
Final acceptance notification	15 June 2020
Final paper due	15 July 2020
Early bird registration deadline	31 July 2020
Conference dates	09-11 Sep. 2020

PAPER SUBMISSION

Please send a 4-pages submission proposal by April 15th, 2020 for DSC SC reviewing. Detailed information about submission procedure and review process will be provided on the conference website:

dsc2020.org/guidelines-for-authors

dsc2020.org/review-process

PUBLICATION & PRESENTATION

Final accepted papers will be presented at a parallel industrial session – 30 minutes including Q/A – and published in the DSC Europe 2020 VR Production Solutions Book available for all conference attendees.

ORGANIZING COMMITTEE

Andras Kemeny, *Conference Chair*
DS Association, Renault, Arts et Métiers ParisTech

Florent Colombet, *Program Co-Chair*
Renault, DS Association

Jean-Rémy Chardonnet, *Program Co-Chair*
Arts et Métiers ParisTech

Frédéric Mérienne, *Program Co-Chair*
Arts et Métiers ParisTech

SCIENTIFIC COMMITTEE

Chairman:

Andras Kemeny Renault, Arts et Métiers ParisTech (France)

Mohammad Bahram BMW Group R&T (Germany)
Gerd Baumann FKFS (Germany)
Jost Bernasch The Virtual Vehicle (Austria)
Mike Blommer Ford Motor Co., (United States)
Heinrich H. Bühlhoff Max Planck Institute (Germany)
Franck Cardullo Binghampton University (United States)
Viola Cavallo IFSTTAR (France)
Jean-Rémy Chardonnet Arts et Métiers ParisTech (France)
Florent Colombet Renault (France)
George Drettakis INRIA (France)
Stéphane Espié IFSTTAR (France)
Zhou Fang Renault (France)

Peter Grant University of Toronto (Canada)
Jens Häcker Daimler AG (Germany)
Franck Mars CNRS (France)
Stéphane Masfrand Groupe PSA (France)
Frédéric Mérienne Arts et Métiers ParisTech (France)
Arne Nåbo VTI (Sweden)
James Oliver Iowa State University (United States)
Jean-Christophe Popieul Valenciennes University (France)
Paolo Pretto The Virtual Vehicle (Austria)
Richard Romano University of Leeds (United Kingdom)
Hans-Peter Schöner DSA (Germany)
Xuesong Wang Tongji University (China)
